ZONTA SAYS NO
TO VIOLENCE AGAINST WOMEN

Zonta Says NO is a global campaign to end gender-based violence against women and girls through advocacy, prevention, and support for survivors. It raises awareness that violence is a human rights violation and encourages action locally and worldwide.

What Are the 16 Days of Activism?

Held annually from November 25 through December 10, this global campaign calls attention to gender-based violence and encourages everyone to take action. Beginning on the International Day for the Elimination of Violence Against Women and ending on Human Rights Day, it reminds us that everyone deserves to live free from violence.
Learn. Speak up. Take action. Help create a world free from violence.
